

8 Students and Scholars from South Africa at Northwestern

*Scholars category includes visiting faculty, researchers, post-doctoral fellows and lecturers

53 Northwestern Students in South Africa

Global Learning Office

Public Health and Development in South Africa: Undergraduate spring study abroad program at Stellenbosch University. Students study public health, development policies and political reform, with excursions to hospitals, grass roots organizations, private agencies, and Kruger National Park

Global Healthcare Technologies: Undergraduate winter study abroad program for engineering students at the Stellenbosch University. Students gain hands-on experience developing medical devices to improve health outcomes in resource-poor environments

Stellenbosch University: Fall, winter-spring, or full year undergraduate exchange

Feinbe

Medill School of Journalism, Media, Integrated Marketing Communications

Journalism Residency in Cape Town or Johannesburg: Spring program open to undergraduate students in their junior year. Students work full time alongside veteran journalists in professional environments

~150 Alumni based in South Africa
